Keeping families close™

www.rmhc-malta.com

11 December 2023

To whom it may concern:

Ronald McDonald House Charity is interested in partnering up with the Franciscan Welfare Association in the project: *Education & Learning For improved mental health of Ukrainian Refugees having and/or awaiting Protection.*

The purpose of the RMHC Learning Centre is to support NGOs that work with children and families who experience some form of disadvantage, enabling them to widen their scope and increase their reach among people with particular needs.

In supporting the project, we will make the RMHC Learning Centre in Qawra available to provide a suitable location for activities to be held, in close proximity to the participants place of residence. In that manner, accessibility is increased, while reducing the need for motorised transport, therefore reducing impact on the environment.

Stephanie Dimech Sant
